Colored Waiting Room at Katy Depot

a Place Unfit for People.

Where is justice? The colored people of Muskogee have suffered the bardships of public discrimination long enough and we demand that something be done to better existing conditions at the Katy

The colored waiting room at this depot is without exception the most vile, polluted and filthiest place we know of for the accommodation of our people, in the city of Muskogee. Our women are compelled to sit in

an atmosphere of tobacco smoke and bad whisky while waiting for their trains, or expose themselves to the weather while white women are protected fro msuch outrages.

Is this fair to the colored people? Is this complying with the law?

The law specifies that the colored people be accorded equal accomoda-

tion in every respect to that of the

health to visit said waiting room and see the conditions there. Their failure to respond to our invitation will be considered a wilfull mal fecous of their duty and therefore a violation of the state law.

The tolerance of these conditions

by the railroad company is a crime atrocious, revolting and shocking to public decency, and the criminals should be punished.

It would be better not to have a toilet at all than have such conspicuously, indecent ones as are provided for the colored people at the Katy depot.

Equal Accomodations? Bah! Away With Jim Crowism or Force the Railroads to Comply with Laws.

The accomodation now being accorded the colored passengers on the various railroads through Oklahoma, Arkansas, Texas and other states is an outrageous indignity on the fundamental principles of our government, and should be looked into by those whose sworn duty it is to enforce the law.

If we must have Jim Crow cars, we demand accomodation equal in every respect to that of the white people, since we are compelled to pay the same fare.

The condition of the apartments set aside for colored people on most of the roads are or should be, a strict violation of the state sanitary laws. In many instances, these apartments are found insufficient to accomodate the passengers, and the insanitary conditions enough to drive

sensible dog to nydrophobia. What is to be done? How long must the negro suffer to appease the whims of a few political dema-gogues whose very existence is the substance of human oppression?

Where are our statesmen who have boasted of their square deal policies, and loudly decried the evil of dis-crimination?

Thirty-seven vagrants were rounded up early this morning and marched to a place of safety. Keep the good
